

MULTICAP

MULTICAP

**Fully Australian Owned –
MULTICAP is designed,
developed and manufactured
entirely in Australia.**

Features & Benefits

- MULTICAP is a uniquely designed product. It is designed to fit over star pickets and allows fence wire to pass through the cap and star picket when in place
- MULTICAP is designed to fit on both 12mm and 20mm reo bar
- MULTICAP has a unique securing system on star pickets and can be applied to star pickets by hand in most cases
- Once fitted to a star picket, MULTICAP is securely locked in place, ensuring it will be difficult to be removed by the elements
- MULTICAP is manufactured in a hi-vis orange colour as an added safety feature to stand out on building sites, work sites and rural areas
- MULTICAP is manufactured from a strong co-polymer polypropylene
- MULTICAP is reinforced on the top and the base to give extra strength
- MULTICAP has a moulded impression of the star picket on top which allows for correct fit on star pickets
- Available in Orange & Yellow
